

# BEGINNER'S GUIDE TO BETTING THE RACES

## Step 1

### Decide How Much to Bet.

The minimum “basic” bet is \$2.00.

You can bet more if you want.

***It's always up to you!***

## Step 2

### Pick Your Horse.

You can pick a horse because you like its name, number or colour. That's the fun way. Another way is to pick a horse because of the jockey's or driver's record, or the horse's past performance.

A race program, available for a small fee, will give you this information for every horse and for every race being held. You don't need a race program to pick a horse, but it does help!

## Step 3

## How to Play the Odds.

### Pick Your Basic Bet.

<b>WIN:</b>	Your horse must finish first.
<b>PLACE:</b>	Your horse must finish first or second.
<b>SHOW:</b>	Your horse must finish first, second or third.

Once you've mastered the three basic bets, you're ready to try other types of bets. Like the Daily Double, Exactor, Triactor, Superfecta, Pick 3, Pick 4 or Pick 6.

They're similar to making a basic bet, and a whole lot more fun. Because when you win a bet like these, you can win more money!

To help you make these bets, we have included some examples in the pages that follow.

Odds are the numbers appearing beside the horse's number and they're displayed on TV monitors around the track and on the in-field board.

Generally speaking, the more favoured a horse is by bettors, the lower the odds and the lower the pay-out.

Less popular horses have higher odds and a higher pay-out.

Here are some examples of how a \$2 bet pays out at various odds.

<b>ODDS:</b>	1/2	8/5	2/1	7/2	5/1	10/1
<b>PAYS:</b>	\$3	\$5.20	\$6	\$9	\$12	\$22

Here is how 10/1 pays \$22:  
\$2 x 10 is \$20, plus your \$2 bet back, gives you \$22.

# Choose a Betting Window, or a Self-Serve Terminal.

Once you've decided on a dollar amount, horse and bet type, you're ready to place your bet.

**When you get to the betting window here's all you have to say when you get there:**

**Racetrack Name - Woodbine**

**Race Number - Race #1**

**Bet Amount - \$2**

**Horse Number - #7**

**Bet Type - Win**

Once you've decided on a dollar amount, horse and bet type, you're ready to place your bet.

**When you get to a Self-Serve Terminal here's all you have to do when you get there:**

**Deposit money via dollar bills or voucher.**

**Press/Tap the track you would like to bet - Woodbine**

**Press/Tap the Race Number - Race #1**

**Press/Tap the Bet Amount - \$2**

**Press/Tap the Horse Number - #7**

**Press/Tap the Bet Type - Win**

**Press/Tap the "Finish With Receipt" button.**

Put it all together and say:

**"Woodbine, race 1, two dollars on number 7 to win."**

Your teller will then collect your money and print out your ticket. Be sure to check your ticket to confirm it's the bet you want.

## **After the Race.**

When the race is "official" — take your ticket and check it against the official results to see if your ticket is a winner.
