

Now Mandatory: Daily Screening and Quarantine Exemption Changes

As COVID-19 continues to spread through our communities, Woodbine Entertainment (Woodbine) is updating our best practices to help protect live racing in Ontario.

Moving forward, all personnel, including Owners, Trainers, Drivers and Grooms, attending Woodbine Racetrack or Woodbine Mohawk Park must complete the Daily Screening form prior to their arrival. Please accurately complete the form which is hosted on the following webpages: www.woodbine.com/mohawk/horsepeople

Additionally, Woodbine requires anyone traveling from outside of Ontario (including participants from other provinces) to prove when they arrived in Ontario, to self-isolate for 14 days from their arrival date and to receive negative results from a COVID-19 test administered after 10 days of isolation. This includes anyone who has received a quarantine exemption at the Canadian Border.

- Travel Restrictions
- The border between the United States of America (U.S.A.) and Canada is temporarily closed to non-essential crossings. Canadians currently racing in the U.S.A., may be permitted to return, however, they are subject to all federal and provincial guidelines in addition to Woodbine protocols.
 - Participants entering the country are advised to check the Canada Border Services Agency website prior to departing for the border.

Foreign Participants Arriving for Select Race Events Protocol (Woodbine Mohawk Park)
Arrangements for foreign participants arriving for select race events must be made in advance with the Director, Standardbred Racing Bill McLinchey (bmclinchey@woodbine.com).

Foreign participants or Canadians that have travelled outside the country, will be allowed access to race at Woodbine Mohawk Park under the following conditions:

- Woodbine requires anyone traveling from outside of Ontario (including participants from other provinces) to prove when they arrived in Ontario, to self-isolate for 14 days before 6 p.m. on race night and to receive negative results from a COVID-19 test administered after 10 days of isolation. This includes anyone who has received a quarantine exemption at the Canadian Border.
 - o Please note, proof of date of arrival into Canada is required to be presented to the Director, Standardbred Racing in advance of race night.
- It is highly recommended that foreign participants do not attend a Training Centre in Canada until the results of a negative COVID-19 test are received.
- Foreign or returning trainers, assistant trainers and grooms will be permitted in the Race Paddock once they have met the above conditions.

If you have concerns or suspect another may not have followed the above conditions, please reach out to Security lead Shawn Wade at sdw@woodbine.com. Thank you for your continued commitment preventing the spread of the COVID-19.
