

Emily Gullikson/ @EmilyOptixEQ  
WOODBINE – April 29, 2023

**RACE 3: #3 SHELLY THE ROCKET** projects to be the controlling speed (Quad I) of this group and for the 5.5f distance. That appears the key for her as she ran a solid race as the BOS returning from the layoff last season (5/6/22) just getting caught at the wire and returned from that start holding her form to break her maiden on May 27<sup>th</sup>. Hoyte remains aboard and off a solid opening week for the 2023 season.

**(RACE 9: #2 FILO DI ARIANNA** a similar Q1 Plot position race dynamic – See Plot below)

**RACE 4:** The “Fire” Contention and higher 50 SpeedRate could play a role in this race and even at the 5f distance where horses from off the pace were able to compete at the distance on opening day. That dynamic can upgrade #2 **FEDALIA** one that carries some recency returning to Woodbine. #4 **CEFALO** has a similar Standard (current form) Plot and some tactical speed upgraded as a Surface/Distance Quad I Square. Following the results from opening weekend, trainer Siddo sent out some live runners and could see that trend continue for the first part of the meet.
