**12.14.23**

**R2, Md10, fillies and mares, 3yos and up, 6f**

**#8 Crystal the Pistol 4-1 ML**

Drops in from showing speed in against a Moc49600(25-23.5) field last out. That was off a drop from MdSpWt competition at 6.5f, where she showed some pressing speed before fading on November 11<sup>th</sup>. The fact that she tired could be forgiven, as she hadn't run since July. Think she could certainly appreciate the class relief here and blinkers are going on, as well.
