Lots of works on the tab for this son of Reload for plenty of foundation. Rail can be tricky for a first time starter, and there are horses in here with experience, as well as a few firsters who also have some nice pedigrees – like both of the Attard starters. Landed on this boy ultimately because of the tab and the sire being so potent for firsters. He’s also a ½ brother to Pender Harbour, who was Sovereign champion three year old colt. So, let’s see. Until next meet – all the best!
